

DELHI WORLD PUBLIC SCHOOL, NOIDA EXTENSION

SPACE (Astronomy Club)

Classes I – IX

C.No. dwps/42/18-19

13 Dec' 18

'Astronomy compels the soul to look upwards and lead us from this world to another.'

-Plato

Dear parent

Warm greetings!

Through the great thought by a great astronomer, we at DWPS want to share that astronomy is useful as it raises us above ourselves. It is not only useful but it is simply grand. It shows us how small man's body is and how great his mind is, since his intelligence can embrace the entire universe.

The students of DPWS have been fortunate to be a part of the Astronomy Club and have taken part in SPACE related activities which was conducted during school hours. They have enjoyed and learned a lot about the universe and space. As we are approaching the last phase of this session, the students will participate in the last two activities conducted by SPACE Technologies which are-**Digital Planetarium culminating in Moon Watch (an evening time activity) on 20th Dec'18.**

Arrival time: (for the members of SPACE Club)- 11:30 a.m.

Dispersal time: 7:30 p.m.

Please note:

1. If parents wish to be a part of the last event, they can join in at 7:15 p.m.
2. Students should come in neat and complete school uniform. They should wear warmers to be able to participate in the outdoor activity.
3. They need to carry their tiffin and water bottle. The school, however, will provide light refreshment.
4. Parents are requested to drop and pick up their wards at the scheduled time.
(Please remember to carry the Parent ID card along with you at the time of pick up)

Looking forward to an amazing learning time for students

Warm regards

Ms. Jyoti Arora

Principal
