Dear parents

Warm greetings!

It is a well-acknowledged fact that the full-blown pandemic of such a vast magnitude has affected the lives of almost everyone. We have sadly come to know of some of our students losing a parent or both to Covid-19 complications over the past few weeks. DWPS has always stood by the parent fraternity and has extended support during critical times. Though the school faculty members have been extending emotional support, the school management has taken a decision to go a step forward to identify and help such families in distress.

The demise of a parent is an irrevocable loss, but the remaining family members must brace up and take upon themselves the responsibility of nurturing the children. Any student at Delhi World Public School, Noida Extension who has lost a parent / both the parents, supporting the fee for their ward's education and is facing financial difficulties, will be appropriately helped by the school.

If any student or family who would need this help is in your knowledge, kindly inform **Mr. Amit Sharma** and a dedicated committee of DWPS will duly assess the case.

It is extremely important to take care of the mental health during these times of stress and anxiety. Please be apprised that the school counsellor / psychologist is available, should you need professional help. Please contact the CT who will arrange for such sessions at the earliest convenience.

Best wishes for your well-being.

Ms. J. Arora
