

CIRCULAR-VIII

C.No. dwps/47/18-19

22nd Jan '19

Dear parent

Warm greetings!

Learning new languages is fun and exploring! Knowing only English is not sufficient in this currently globalized world with the added aid of internet, transportation and cultural exchanges. In such a scenario, learning a third language not only opens up windows for communication, but an insight into a new language also expands one's personality and knowledge. Hence your ward studied three language till class VIII.

You are requested to indicate the Third language option of your ward in the consent slip attached below and send it back by **29th Jan'19**. This will enable us to prepare the schedules accordingly.

The school will be offering an option for the Third Language in any one of the following:

- **French**
- **German**
- **Japanese**
- **Sanskrit**

Kindly discuss the option with your ward keeping his/her interest and skill in mind..

Warm regards

Ms. Jyoti Arora
Principal
