

Dive Deep into Eco Action at DWPS by Creating Urban Greening!!

Get ready for a splash of environmental awareness at DWPS this July! We're empowering students of all ages to become champions for a greener future, aligned with the UN's Sustainable Development Goals (SDGs).

Pre-Primary Eco-Protectors

Activity- Crafting Plastic Bottle Piggy Bank / Pencil Holder

(SDG 12: Responsible Consumption & Production)

Our youngest learners are sprouting into green geniuses! This July, they will craft their own piggy banks or innovative pencil holders using recycled plastic bottles. It is a fun way to learn about responsible consumption and conserving the resources.

Primary Treasure Sharers (Grades I-IV):

Activity: Donating Old books , Stationery & Clothes

(SDG 1: No Poverty)

Primary treasure sharers will donate their gently used books, stationery, and clothes to those in need, putting the spirit of sharing treasures and spreading joy.

Middle Green Guardians (Grades V-VIII):

Activity: Create Water Filter using Pebbles, Plastic bottles and Earthen pots)

(SDG 9: Industry, Innovation & Infrastructure)

Calling all Middle Green Guardians! Put on your innovation hats and build your own water filters using pebbles, plastic bottles, and earthen pots. It is a hands-on activity aligned with SDG 9. But that's not all! Grades V-VIII will also take centre stage with a captivating skit promoting the power of Reduce, Reuse, Recycle!

Senior Stewards (Grades IX-XII):

Activity: Environmental Documentary Screening

(SDG 13: Climate Action, SDG 14: Life Below Water, SDG 15: Life on Land)

Senior Stewards, get ready to explore critical environmental issues through eye-opening documentaries in July. We'll be diving deep into topics like climate change, pollution, and conservation efforts. These screenings will spark important discussions and inspire you to advocate for a sustainable future.

Let's make July a month of action and awareness at DWPS! Together, we can make a difference!
